COMMUNICATION
Lisa included an article from the law firm of Foster Swift that talks about the updates to the Open Meetings Act that allows the board to meet virtually at least until the end of March. Lisa also included a letter from the Ann Arbor Area Community Foundation announcing the new Gousseff Trust for YDL. A press release from TLN was also included regarding the incredible number of downloads from YDL’s OverDrive product Download Destination. There were over a million digital books circulated.

COMMITTEE REPORTS
•  Superior Township Planning:
   - There is a new construction sign now at the new Superior Township library location.
   - Lisa is working with the attorneys to get the property transfer complete. They recommended a phase one environmental assessment. Lisa received the assessment from G2. They did not find anything concerning on the property itself. They did find some things on the property to the South. They recommend a further environmental assessment. If a phase two is done and it is reported to the state, the library will not be liable for any environmental issues going forward.

•  Fundraising committee:
   - The Superior Capital Campaign is gaining nice momentum.
   - The library submitted a grant application on Friday to the Towsley Foundation.

REPORT OF THE LIBRARY DIRECTOR
In addition to submitted Director’s report, Director Hoenig relayed the following:
Lisa attended a webinar on the revision to the Library Privacy Act. It takes effect 90 days after its signing (late March). Lisa has communicated with our law enforcement partners and requested an update to our confidentiality policy from our attorney.

The hot spot the library was gifted by Metroparks will be delivered tomorrow. They will be added to YDL’s circulating collection. Some will be housed at Michigan Avenue and Superior.

January 27, 2021

Whereas, the Michigan Avenue library is an historic structure with aging infrastructure and has experienced water damage from various sources over the past few years, and

<td>I’m excited that the air purification system is in place. I think if someone told me a year and a half ago we would need an air purification system I don’t know how much I would have believed them. Right now, this year, I think it’s really fantastic that it’s in place. I also was really impressed with the video format for the exhibit. Taking something that is an interactive exhibit and translating it to an interactive video is a real talent. I thought it was very compelling. I appreciated the notices up front about sensitive content. Thank you for taking the time.</td>

<td>I just want to say that I am really impressed with the activity kits. I got the activity kit for Look Both Ways and the one for the exhibit was great. I have been snagging most of the kits as they come out whether they are for kids or adults. I think it’s a really great way to keep involvement since we can’t do in person workshops.</td>
